NOTE.—The great difference in value of Exports for 1873, as compared with 1871 and 1872, arises from the average value of coffee during 1873 in the local market previous to shipment being taken at £4. 10s. per cwt. for plantation and £4 per cwt. for native, instead of £2. 14s. and £2 as heretofore.

The money figures from 1874 to 1885 have been converted from rupees to pounds sterling, at 1s. 10d. to the rupee; for 1886 and 1887, at 1s. 7d. to the rupee; for 1888, at 1s. 4d. to the rupee; from 1889 it is shown in rupees; prior to 1874 at 2s. to the rupee.

CLASSIFICATION OF REVENUE.

1.—CUSTOMS.

Imports.—These duties are collected under and agreeably to the directions of the Ordinances 17 of 1869, 14 of 1871, 39 of 1884, and 5 of 1892.

Exports.—Under Ordinance 22 of 1877 a royalty of 25c. is levied on every hundredweight of plumbago, and under section 10 of Ordinance 10 of 1891 a royalty of Rs. 200 is levied on each elephant shipped from this Island to any place beyond the seas. A duty on hides and horns of spotted deer and sambur is levied under Ordinance 11 of 1891. A royalty on all chanks entered for exportation is levied under Ordinance 18 of 1890 and Notification dated August 26, 1891.

2.—PORT, HARBOUR, WHARF, AND LIGHTHOUSE DUES.

Port Dues are levied at all ports, except Colombo, under the Ordinances 17 of 1869 and 14 of 1871. The rates are 8c. per ton inwards and 8c. per ton outwards on loaded vessels. At Colombo, Harbour Dues are levied under Ordinance 6 of 1875, section 8, and Proclamations of November 7, 1882, May 6, 1885, March 24, 1887, and November 18, 1887, on ships entering the port, on ships discharging or loading cargo, and on Imports and Exports. Under this head are also brought to account receipts for the hire of Government boats and moorings, and half pilotage fees recovered under the Ordinance 6 of 1865. For Colombo Harbour a special tariff for pilotage was published under Proclamations dated June 12, 1884, March 20, 1886, and January 19, 1892.

3.—EXCISE, LICENSE, AND INTERNAL REVENUE NOT OTHERWISE CLASSIFIED.

Excise.

Salt.—The salt revenue is a Government monopoly; but in the Jaffna District of the Northern Province the monopoly is occasionally rented out annually; the renter who purchases the monopoly of the retail sale being supplied by Government with salt at 40c. per cwt., which he is allowed to retail to the public at Rs. 2.24 per cwt.

The proceeds of all salt sold in the manufacturing districts in the Northern, Eastern, North-Western, and Southern Provinces under the Ordinance No. 6 of 1890 are brought to account. By Ordinance No. 14 of 1857 the importation of salt into this Island is allowed on payment of a duty of Rs. 2.13 the cwt.

Salt is also sold for export to released districts and for export beyond sea at Rs. 5.25 per ton.

In all the other salt manufacturing districts salt is sold exclusively by Government to retailers and wholesale dealers at Rs. 2.36 per cwt.*

Arrack, Rum, and Toddy.—The exclusive privilege of retailing spirits distilled from the palm tree, and arrack rum, and toddy, generally farmed in the several Provinces—regulated by the Ordinances 10 of 1844 and 13 of 1891.

† *Duty on Arrack and Rum Stills.*—Under this head are brought to account sums received for licenses issued to distillers of and wholesale dealers in arrack and rum, under the Ordinances 10 of 1844 and 13 of 1891. The license is granted by the Government Agents on the payment of the sum of Rs. 100, and is in force from the date of such grant until the 31st day of December next thereafter.

Licenses.

‡ *Opium.*—Rs. 50 for a license to possess opium, Rs. 250 for a license for selling opium and bhang by wholesale, Rs. 200 by retail in Colombo, and Rs. 100 elsewhere. The fees are levied under Ordinance 4 of 1878.

§ Stamp duty on professional and trading licenses is also included under this head.

Licenses to dig Plumbago.—The lessee pays for a lease of one acre for the term of one year the sum of Rs. 10 in advance, and further one-tenth part of all plumbago dug on the premises demised during the continuance of the lease, or a sum equal in value to such proportionate amount. Such further sum to be paid on or before the day of expiry of the lease. This amount is collected by the headmen.

Land Revenue.

|| *Rent or Tax on Paddy.*—The receipts classed under this head are derived from the rent or tax—usually one-tenth or one-fourteenth—of the produce of all lands cultivated with rice. In the Western and Southern Provinces the share of the produce of rice lands payable as rent or tax is, however, in many cases, one-half or one-fourth, and sometimes one-third, one-fifth, one-eighth, and one-twentieth; the differences in the rates being due to the different circumstances under which the particular lands were granted by successive Governments. Under the Dutch a large area of rice land was held in return for personal services under the title of “accommodessans”—a tenure which was commuted by the Proclamations of September 3, 1801, and April 22, 1803, for a tax of one-fifth of the produce. In the Provinces which formed the old Kandyan kingdom the tax is universally one-tenth or one-fourteenth, and is levied under the authority of the Proclamation of November 21, 1818. The tax in the Sinhalese maritime provinces was, until the passing of the Ordinance No. 11 of 1878, farmed under the provisions of the Ordinance No. 14 of 1840 to renters. In the Northern and Eastern Provinces, under voluntary agreement with the cultivators, a money payment replaced the tithe to some extent. Since the enactment of Ordinance 11 of 1878 the tax has been commuted for a money payment

* To encourage fish-curing in Ceylon the price of salt has been reduced, the rate being 80c. to Re. 1 per cwt. instead of Rs. 2.36: Notification dated September 1, 1885. The price has been further reduced to 45c. per cwt., exclusive of the cost of transport to the fish-curing yards, which will remain as heretofore: Notifications of May 6 and July 1, 1890.

† The duty is recoverable in stamps under the law, and is consequently accounted for under “Revenue Stamps.”

‡ Under the provisions of the Ordinances 17 of 1865, 7 of 1876, and 4 of 1878, the collections within Municipal towns and in towns in which Local Boards of Health and Improvement have been established have been transferred to the Municipalities and Local Boards.

§ Under the provisions of the Ordinances 17 of 1865 (section 60) and 7 of 1876, the Stamp Duties on certificates, &c., of Proctors and Advocates have been transferred to the Municipalities and to Local Boards of Health and Improvement.

|| The rent or tax on paddy has been abolished by Ordinance 4 of 1892, which came into operation on December 31, 1892.

throughout the Western, Southern, and Eastern Provinces. In the Northern Province the farming of the tax and the voluntary commutation continue side by side. In the Kandyan districts, consisting of the Central Province and the Province of Sabaragamuwa, the Kurunégala District of the North-Western Province, the North-Central Province, and the Province of Uva, the tax was in the early times of the British occupation collected in kind: this system was replaced between the years 1827 and 1832 by a voluntary commutation for a money payment, which, however, was not renewed in the North-Western Province after 1832, or in the North-Central Province after its separation from the Northern Province. In the two last-named districts the tax is now farmed. The greater part of the Central Province, the Province of Sabaragamuwa, and part of the Province of Uva have been recently placed under the provisions of the Ordinance No. 11 of 1878. Part of the Central Province is voluntarily commuted, and in part of the Province of Uva the tax is now farmed.

Royalty on Cabook Stones, &c.—A payment of Rs. 3.75 is levied on every 1,000 cabook stones cut from the Government pits in the Districts of Colombo and Negombo; of 50c. per 100 cubic feet of sandstone quarried between Hēndala and Pamunugama; and 6c. on every cart load of white sand removed from the Maradána cinnamon gardens.

Rents exclusive of Land.

This head embraces the amount for which the Government farms out the privilege of collecting the tolls leviable at the different roads, bridges, ferries, and canals, and the lock at St. Sebastian, under the Ordinances 14 of 1867 and 12 of 1887.

Stamps.

Proceeds of stamps for various revenue services are included under this head, and also composition duty on bank cheques.

*Fines and Forfeitures.**

This head includes the amount of fines levied and the proceeds of articles confiscated to the use of the Crown by orders of the Courts of Judicature, as also occasionally sums realized by the seizure of crops grown on Crown lands without permission, and confiscated timber removed without license.

4.—FEES OF COURT OR OFFICE, PAYMENT FOR SPECIFIC SERVICES, AND REIMBURSEMENTS IN AID.

Under this head are brought to account receipts accruing from the sale of Government publications and from advertisements inserted in the *Gazette*; the fees paid by the pupils of the various Government schools, according to the rates established by the Department of Public Instruction; value of stationery and school books sold; sums realized by the sale of articles manufactured by prisoners; stoppages made quarterly on account of the dieting, &c., of patients in the hospitals; collections at Government dispensaries to outdoor patients; fees for survey of Crown lands recovered from purchasers under the Minute of May 14, 1875; collections of the general cemeteries, &c.; recoveries under the Irrigation Ordinance, 23 of 1889, and recoveries made under clauses 15 and 19 of Ordinance 17 of 1880; fees for Bills of Health; contribution by the Municipality on account of the Colombo Water Supply; and also earnings by Immigrant Vessels in carrying coolies.

In the Western, North-Western, and Central Provinces an allowance at the rate of 25c. a day for each patient treated in the Government Civil Hospitals is recovered from the person who sends the patient to hospital, in aid of the expenses incurred for his subsistence; and in the Western Province contributions by families to the subsistence of lunatics are brought to account under the provisions of the Ordinance 1 of 1873.

Medical aid dues levied under Ordinance 9 of 1882.

Proceeds of stamps in judicial process in District Courts, Courts of Requests, and Police Courts, under the provisions of Ordinance 3 of 1890, and Stamp Duties levied under the Land Registration Ordinance 14 of 1891.

Warehouse rent charge upon goods placed in the Queen's Warehouse levied by Government notices dated October 20, 1876, July 6, 1877, and December 2, 1887, under authority of the 13th clause of the Ordinance 17 of 1869.

An assessment tax, generally 5 per cent., on the annual value of all landed property within towns, forts, and gravets, levied under the provisions of the Ordinances 16 of 1865, 19 of 1871, 3 of 1875, and 7 of 1880. (See pages 46 and 47.)

5.—POST AND TELEGRAPH.

Proceeds of postage and telegraph stamps are accounted for under this head, and also earnings of Post Office Savings Banks and commission on money orders.

6.—GOVERNMENT RAILWAYS.

Under this head are brought to account all sums received on account of fares of passengers and charges for conveyance of goods, &c.

7.—RENTS OF GOVERNMENT PROPERTY.

This head includes the rental paid by public officers for the occupancy of official residences, and also rent of gardens, coal sheds, &c.

8.—INTEREST.

Interest is charged at 9 per cent. per annum for all debts due to the Government. Under this head is also brought to account a proportion of the interest received from moneys lent by the Loan Board, as also the interest on loans to the Municipalities and Local Boards, and the interest allowed by the Banks on the minimum half-yearly balance to credit of Government.

9.—MISCELLANEOUS RECEIPTS.

Under this head are brought to account over-payments recovered, and several other items which cannot conveniently be classified under other heads, such as proceeds of sale of old stores, &c.

* Under the provisions of the Ordinance 17 of 1865, some of the fines levied by orders of the Courts of Judicature within towns have been transferred to the Municipalities.

10.—SALE OF GOVERNMENT PROPERTY.

Under this head the following receipts are brought to account :—

1. By the sale of timber from the Government Forests.—Recognized by the Ordinances 6 of 1878 and 10 of 1885.
2. By the sale of the produce of the Botanic Gardens, Peradeniya, and crops on Crown land.
3. By the sale of Delft horses.
4. Pearl Fishery, can only be considered as a casual item of receipt—not as a permanent source of revenue. The regulations for the protection of the pearl banks are the Dutch Proclamations of May 28, 1665, and November 15, 1745, and the Regulation 3 of 1811. The Ordinance 18 of 1843 prohibits the possession within certain limits of certain nets which might otherwise be used to the detriment of the banks.

11.—LAND SALES.

Under this head are included the receipts derived from the sale of Crown lands and cinnamon gardens, under the rules laid down in the Minutes of the Governor of January 14, 1857, May 14, 1875, and October 9, 1890, and the half-improved value of land under the provisions of the Ordinance 12 of 1840; at Rs. 2.50 an acre under the Minute of August 8, 1884; also the proceeds of sale of paddy lands in the irrigation districts, under the Minutes of February 27, 1857, and May 21, 1868; and grants of land under the Minute of August 8, 1844.

MINUTE BY THE GOVERNOR RELATING TO WRECKS.

HIS EXCELLENCY THE GOVERNOR is pleased, by virtue of the powers vested in him by clauses 5 and 20 of Ordinance No. 5 of 1861, to authorize the following scale of fees and allowances being paid to Receivers of Wrecks for services rendered by them under the provisions of the above Ordinance :—

HIS EXCELLENCY is also pleased, on the recommendation of the Superintendent of Wrecks, to approve of the following Regulations for the guidance of Receivers :—

1.—*Receivers will bear in mind that the principal object of the Ordinance 5 of 1861, and of their appointment thereunder, is—*

1st—The rendering of assistance.

2nd—The protection and preservation of wrecked property and the restoration thereof to the owners.

3rd—The protection of the Customs revenue.

4th—The settlement of salvage claims.

The provisions of clauses 3, 7, 8, 14, 16, 17, 21 to 27, and 31 to 32 give them full powers to carry out these objects.

* Cancelled by Minute of October 20, 1888.

2.—*Inquiries into Wrecks and Casualties at Sea, clause 3 ; Ships in distress, clause 14.*

In making these inquiries the officer will remember that he is exercising a highly important function, and that his report may be the foundation of proceedings deeply affecting the interests of individuals. He must therefore most carefully endeavour to arrive at the truth, and should especially direct his attention whether the casualty happened from avoidable or unavoidable causes,—particularly as to the (a) unseaworthiness or insufficient equipment of the ship; (b) insufficient or improper manning; (c) improper loading, overloading, bad stowage; (d) misconduct, incompetency, or neglect of master, officers, or crew; (e) ignorance of lights, or navigation of the coast; (f) neglect of heaving the lead.

3.—*Custody of wrecked property, clauses 9, 16, 17, and 18.*

Clause 9.—This clause refers to property recovered from a ship wrecked or in distress at the time of wreck or casualty, and the object of its provision is to secure the property in the confusion which attends a shipwreck; to protect the Customs' revenue; to provide for payment of fees, expenses, and salvage claims. But if the master, or if the owner, or any duly appointed agent of owner or master is in possession, and is able to take and keep custody of the property, and if all claims are paid or provided for by proper security, the Receiver need not take possession or detain the property, but he will offer his services and render such assistance as may be required.

Clauses 16 and 17 refer to wreck saved or taken possession of at any other time.

Clause 18.—This notice should be given when the wreck in custody exceeds the value of Rs. 50, and the particulars of all articles taken possession of by the Receiver will be entered in the Report Book No. 1, per form annexed.

4.—*Wreck arrested by order of Court of Law.*

When a derelict ship in the custody of a Receiver, or other wrecked property detained by the Receiver for the payment of salvage, is arrested by virtue of a warrant or other instrument of Court, the Receiver should not give up the claims to fees and to any expenses he may have incurred, but should send a copy of his account to the person taking such charge, giving notice of his lien, and that the property must not be restored until the amount of his claims be paid. A copy of the account and notice should also be forwarded to the Registrar or Secretary of the Court issuing the warrant; and in the event of property being restored without payment of Receiver's claims, he should report the circumstances to the Superintendent of Wrecks, and should resume possession of the property until his claims are satisfied.

5.—*Sale of Wreck Property, clauses 19, 27, and 28.*

Clause 19 provides for the disposal of wreck of small value, derelict, flotsam or jetsam, so constantly found on the coasts of this Island; and should the Receiver find it necessary to sell property under the provisions of clause 27, he will, if the property be claimed, endeavour in doing so, if possible, to act in concert with the owners and insurers.

All sales of importance and value should be advertised in the *Gazette* and local papers; and notice of intended sale affixed at the Custom House of the Port. The account of wreck sold is to be made in form No. 3 (annexed).

6.—*Salvage clauses 21 to 26.*

The decisions of questions as to salvage, if the parties cannot agree, must be determined by the Court having jurisdiction in that behalf; but the Receiver has important duties in endeavouring to settle salvage claims amicably, in providing for what may be due by detaining the property saved; in releasing the property on proper security being given; in selling the property, when necessary, to satisfy the claim of salvors; and in apportioning money paid in satisfaction of such claims; and the Receiver will recollect that, whilst providing for the claims of *bonâ fide* salvors, he must, as far as he can, protect property against vexatious and improper claims.

The essentials of salvage service are—(a) the degree of danger from which the lives or property are rescued; (b) the value of the property saved; (c) the risk incurred by the salvors; (d) the value of any property by the use of which the services are rendered, and the danger it was exposed to; (e) the skill shown in rendering the service; (f) the time and labour occupied.

The salvage should be in proportion to the use of these essentials; but where scarcely any, or only the last exist, and the same is little more than mere work or labour, it should be rewarded accordingly.

The amount of reward should not however increase in direct proportion to the value of the property; and as a general rule it may be borne in mind that the Courts of Admiralty very seldom, if ever, give more than one-half the value of the property saved.

7.—*With a view to encourage salvors and finders of unclaimed wreck and drift goods sold and taken charge of by Receivers under provisions of clauses 19 and 28, the following rewards may be given, viz.:*—

Upon the net value of property of Rs. 25 or under (two-thirds)	-	-	-	2
When it exceeds Rs. 25 and under Rs. 50 (one-half)	-	-	-	1
When of Rs. 50 and above (one-third)	-	-	-	1
				3

8.—*Delivery of Property to Owners.*

On payment of all sums due for salvage, duties, fees and expenses, the Receiver will deliver up all property which comes into his possession or custody, and the proceeds of such parts of it as may have been sold, to any person who proves himself to the satisfaction of the Receiver to be the owner of such property, or agent duly appointed by him, taking receipts for the same. The owner of the ship being responsible for the cargo, and the master of the ship having, as the servant of the owner, the legal custody thereof, the Receiver will treat the master, when present, as the agent of the owner—not only of the ship, but also of the cargo; unless and until it is clearly proved that the owners of either have put an end to such agency.

9.—*Accounts and Returns.*

The Receiver will keep a Report Book according to form No. 1, in which he will enter the particulars of every description of article taken into his custody. The reference numbers are to commence with No. 1 on January 1 of each year.

The reporting of goods taken possession of for the Receiver should be made according to form No. 2, and the sale account per form No. 3.

The Quarterly Returns, as per form No. 4, are to be forwarded through the Superintendent of Wrecks; and the net proceeds of all wreck, the property of Government as unclaimed, is to be paid into the General Treasury quarterly, the Treasurer being required to receive such moneys on account of wrecks.

By His Excellency's command,

W. C. GIBSON,
Colonial Secretary.

Colonial Secretary's Office,

THE REVENUE OF 1895 AND 1896.

Remarks.

Decrease due to smaller importation. The imports of 1895 were exceptionally large.

} Increase due to larger importation.

Decrease due to smaller importation.

The increase, which is in some measure due to larger importation, is not so great as shown here, a large proportion of the receipts under this head having been included under "Other Goods" in 1895.

The decrease is only apparent (*vide* remark against "Kerosine Oil").

Increase due to larger exportation.

Decrease due to the prohibition of the exportation of hides.

Increase due to larger exportation.

Continued increase, due to larger tonnage of steamers calling at Colombo.

Decrease due to a smaller number of steamers with cargo having called at Galle.

Increase chiefly due to larger tonnage of steamers calling at Colombo.

Decrease due to smaller quantity of salt having been sold to dhonies at Hambantota.

The rents for 1896-97 generally realized better prices than those for 1895-96.

Toll rents realized higher prices in 1896.

Decrease due to fewer redemptions in 1896.

There were no Crown lands leased for plumbago digging in the Southern Province in 1896. The revenue from this source in 1895 was Rs. 12,210.

Increase due to expansion of trade and large number of applications for patent rights.

} Fluctuating items of receipt.

Increased litigation possibly.

Increase due to larger exportation of tea, &c.

Remarks.

Increase mainly due to higher fees being recovered at the Royal College.

Increase due to the introduction of Service stamps and to general prosperity.

Increase due to extension of the Money Order business.

Increase due to the establishment of the Telephone Exchange.

} Due to the fact that the Matara Railway was open for the whole of 1896 as against only one month in 1895; to continued increase in Railway Receipts, generally indicative of increased appreciation of the advantages of the Railway; and to the expansion of tea cultivation, &c.

Increase due to larger recoveries on account of rent on Government buildings.

Decrease due to the reduction in the number of lands rented, and in the amounts realized in the Southern and North-Western Provinces.

Increase chiefly due to larger investments in Indian Government paper.

The decrease is only apparent; the receipts for 1896 represent the interest for one-half year only; the interest for the other half year will appear brought to account in 1897.

Increase mainly due to more punctual payment of interest in 1896 by the Municipal Council, Kandy.

} New items of Revenue.

The increase is due to larger sales of timber and firewood.

The increase is due to larger land sales in the Western, Southern, Eastern, North-Central, and Uva Provinces, counterbalanced by a decrease in the other Provinces.

The decrease is due to fewer settlement of leased lands in the North-Western Province.

EXPENDITURE OF 1895 AND 1896.

Remarks.

- Decrease due to the rates of exchange ruling in 1896 having been more favourable than those in 1895.
- Increase mainly due to the purchase of horses for the Mounted Orderlies.
- Increase mainly due to the Cadets having been paid the full salaries of their substantive appointments in 1896, while in 1895 several of them drew half salary as such and half salary of their acting appointments, and to the cost of editing the new series of the Law Reports.
- Increase only apparent. The votes for 1895, especially the salary of the Auditor-General, were not fully spent.
- Decrease mainly due to reduced expenditure on account of salt.
- Increase due to the establishment at Colombo having been increased by three additional clerks and two cashiers in connection with harbour dues, the collection of which was taken over by the Department during the year.
- Increase due to certain expenditure of 1895 on account of repairs to the "Active" having been brought to account in 1896, and to the grant of a personal allowance to Captain Donnan for supervising the salving of coal, the value of the salvaged coal which he received being credited to revenue.
- Decrease mainly due to Mr. Willis having been appointed Director on a reduced salary, and to there having been no expenditure in 1896 on account of the publication of the "Handbook to the Flora of Ceylon."
- Increase due to the appointment of a Commissioner of Assize for two months in 1896, and to the vote for circuit expenses having been fully spent in 1896, while there was a saving in 1895.
- Increase mainly due to larger expenditure on account of transport and to cost of furniture for new court-house, Badulla.
- Increase mainly due to the employment of extra clerks for indexing old deeds.
- Increase mainly due to larger expenditure on account of batta to jurors and witnesses.
- Increase due to expenditure in 1896 on account of Inspector of Criminal Investigation.
- Decrease probably due to a reduction in the number of prisoners.
- Increase mainly due to the transfer of two senior medical officers from the Estates Branch, payment of periodical increments, and increased rates of batta to medical officers.
- Increase mainly due to establishment of new hospitals and dispensaries.
- Increase due to enhanced payments on account of grants in aid.
- Increase due to larger expenditure on account of travelling allowance of officers proceeding from one station to another.
- Increase due to an expenditure of Rs. 303,943 on account of loss on exchange for 1894 and 1895 having been brought to account in 1896.
- The amount of military contribution being regulated by the revenue, the contribution increases with the revenue. An over expenditure of Rs. 9,272 in 1896 on account of Volunteer Regiment was refunded to meet surcharge.
- Increase mainly due to increased expenditure on account of "Refund of Duties, &c.," to the acquisition of St. Andrew's, Nuwara Eliya, expenses connected with the Northern Railway Commission, Harvey Commission, &c., and to increased subsidy to the Ceylon Steamship Company.
- Increase mainly due to the expenditure on account of the upkeep of public furniture of Queen's House, Colombo, and the Pavilion, Kandy, and to increased expenditure under fuel and lighting.
- Increase mainly due to the establishment of a forestry branch at the School of Agriculture and to increased expenditure on account of felling and surveys, demarcations, &c., in the Western, Central, and Uva Provinces.
- Increase mainly due to the cost of the telephone exchange, &c., to increased expenditure on account of sea conveyance of mails, and to expenditure of 1895 on account of transit correspondence having been brought to account in 1896.
- The increase is only apparent. No less a sum than Rs. 202,951 was irregularly charged to votes in December, 1896, and will appear refunded to meet surcharge in 1897, thereby fictitiously swelling the expenditure of 1896 and the revenue of 1897. Deducting this amount, the actual expenditure of 1896 shows a decrease as compared with 1895, notwithstanding the cost of maintenance of the Matara Railway for the whole of 1896, as against one month only in 1895. The expenditure in 1895 included a heavy charge on account loss on exchange, which did not occur in 1896.
- Decrease chiefly due to the votes for irrigation for 1893, which were not drawn in that year, having been re-voted in 1895.
- Increase chiefly due to a re-vote on account of Galle cemetery and Halpe slip.

The Registrar has the management of all the business of the Court, Criminal and Appellate, and of his Office.

The Deputy Registrars keep the Criminal and Appellate Minutes, and assist the Registrar in the management of the business of the Court and of the Office.

The duties of the Attorney-General are not clearly defined, but are in many respects analogous to those of the Attorney-General in England, though in some respects they resemble those of the Lord Advocate in Scotland. He acts as the legal adviser of the Government, and is the chief law officer of the Crown.

as Legal Adviser to the Executive and every Department of Government. All Contracts and Deeds affecting the Government are prepared or settled by him; and he prepares all the Legislative Enactments of Government. He acts as Public Prosecutor, and instructs Magistrates in criminal proceedings. All informations in the Supreme District Courts run in his name, and he, or some one deputed by him, appears for the Crown in most civil cases.

RETURN OF PRISONS AND PRISONERS.

Replies to the Questions, compiled from the Returns of the respective Superintendents.

QUESTION I.

If the prison is on the separate system, is the separation complete? And if not, what is the separation enforced by day and night, respectively?

All the penal stage prisoners of the Island if sentenced to over a month are passed through one of the following jails:—Welikada, Kandy, Jaffna, Kurunegala, Ratnapura.

In these jails the penal stage prisoners are worked on the separate system. They are confined in separate cells, and are worked in stalls. They are marched from their cells to the stalls in single file three paces apart, and are not allowed to speak or communicate with each other at all. Prisoners not in penal stage are not worked on the separate system.

QUESTION II.

If not on the separate system, what provision is there for the supervision of the prisoners while in association?

The males are supervised by male officers of various grades, and the females by matrons, in all jails.

QUESTIONS III. AND IV.

How many cells are there; and how many associated wards? Taking the *average* number of prisoners in jail, how many cubic feet of space are there for each prisoner during the hours of sleep?

The classification in the Ceylon Prisons is as follows:—

- (1) Males, convicted, who are subdivided as follows:—
 - a Penal stage, lasting for 3 months.
 - b Class IV. " 9 "
 - c Class III. " 12 "
 - d Class II. " 12 "
 - e Class I. rest of sentence.
 - f Road Ordinance defaulters.
 - g Simple imprisonment.
- (2) Females, convicted, in same class as males.
- (3) Males, unconvicted, who are subdivided as follows:—
 - a Debtors, Crown.
 - b Debtors, private.
 - c Persons committed in default of bail, witnesses, &c.
 - d Persons committed for further examination.
 - e Persons committed for trial by Superior Courts.
 - f Persons committed to await sentence and pending appeal.
 - g Accused persons arrested on warrants in transit to other stations.
 - h Suspected lunatics committed for medical observation.

[At Colombo, Kandy, Galle, Jaffna, and Batticaloa no lunatics are now committed to prison, proper and separate Houses of Observation having been provided, which are placed under the control of the Medical Department.]

- (4) Females, unconvicted.

QUESTION VI.

Is penal labour—that is, labour by treadmill, crank, or shot-drill—in force?

The penal labour consists of beating coir husk and metal-breaking. Treadmill work is carried on in Welikada. Pingo-carrying in Welikada, Jaffna, Kandy, and Kurunegala.

QUESTION VII.

If so, during what periods of imprisonment, in respect of what classes of prisoners, and during how many hours, is such penal labour enforced? In stating hours of treadwheel labour, give, first, the total time on and off at the wheel, &c.; secondly, the length of spells and intervals of rest.

This penal labour is enforced during the penal stage, and also in the cases of prisoners reduced to the penal stage as a punishment. Lengths of spells and intervals for treadmill work, 8 minutes on and 8 minutes off.

QUESTION VIII.

What kind of labour, other than penal labour, is in use?

With the exception of a small number reserved for jail service, the prisoners were employed as carpenters, sawyers, blacksmiths, tinkers, masons, sweepers, tailors, fencing and weeding, hospital attendants, cabook cutting, making brooms, building quarters for jail officers and making additions to jails, repairing jail officers' quarters, arbour works, and twisting rope.

QUESTION IX.

If the prisoners are employed beyond the walls of the jail, state—

(1) On what kind of work they are so employed?

At *Welikada*, the convicts were employed in conveying night soil, cabook-cutting, fencing and weeding, carting cabook, building, repairing, whitewashing, and thatching officers' quarters, &c.

At *Mahara*, in mining, sledging, stone-cutting, and loading wagons with rubble and metal.

At *Mutwal*, harbour extension works.

At *Nuwara Eliya*, in excavating ponds, levelling, weeding, &c., for the improvement of the grounds at the Queen's Cottage and Nuwara Eliya Plain.

At *Anuradhapura*, in building dagaba, brick-making, quarrying, and transporting stones.

(2) How are they supervised?

By Superintendent, Assistant Superintendents, Jailers, Deputy Jailers, Overseers, Sub-Overseers, and Guards.

(3) How many escapes of prisoners, while being employed beyond the jail, have taken place during each of the last three years?

Two escapes while being employed beyond the jail. Total escapes are as follows:—

(4) How are the profits of their labour accounted for?

An account of the labour contributed to each work is kept, from which the reply to Query XI. is compiled, but no money passes, nor is the labour paid for, except where articles manufactured in prisons are sold, when the actual cash realized is paid into the nearest Kachcheri and brought to account as revenue. The amount recovered on account of metal is also credited to Government.

QUESTION XIV.

Is there, or are there, any chaplain or chaplains of any, and what, religious persuasions?

There are no Prison Chaplains, but accredited ministers of all persuasions are admitted on application.

QUESTION XV.

Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and if any, what religious persuasion?

At Welikada, Borella Hospital, Mutwal, Bogambara, and other principal jails frequent services are held both by Protestant and Roman Catholic ministers on Sundays; and religious instruction is also given by catechists of various denominations regularly. At other prisons such services are held whenever any minister expresses a wish to do so. Religious services are also held by Buddhist priests in some of the jails.

QUESTION XVI.

Are Roman Catholic priests and Dissenting ministers allowed free access to prisoners of their own persuasion? And are they apprised when prisoners of their respective persuasions enter the prison?

They are allowed free access, but are not informed when any such prisoners enter the prison, unless at the express wish of a prisoner.

QUESTION XVII.

What provision is made for the education of prisoners?

At Welikada education is confined to the juveniles by paid teachers for three hours a day on week days.
At Mahara two teachers (one Sinhalese and one Tamil) on Sundays devote two hours giving education.
At Mutwal teachers appointed by Government devote two hours in teaching every Sunday.

QUESTION XVIII.

On what conditions are remissions of imprisonment granted?

According to regulations for marks and remissions in the General Rules made on July 15, 1891, and revised on April 18, 1894.

QUESTION XIX.

Have coroners' inquests been held on every occasion of a death in prison during the past year? And what were the verdicts?

Every death is reported to the Police Magistrate or Deputy Coroner, and inquiries under chapter XVII. of the Criminal Procedure Code are held on every occasion. The number of deaths and inquests held have been as follows:—

Jails.	No. of Deaths.*	Jails.	No. of Deaths.*	Jails.	No. of Deaths.*	Jails.	No. of Deaths.*

- II.—What kinds of mechanical restraint are in use ?
- III.—Whether any; and (if any) how many cases of cruelty by attendants to patients have been brought to the notice of the proper authority, and what was the result in each case ?

Patients who are able to go about bathe in a stream close by to the hospital; the others wash themselves in the premises, or have their bodies sponged. There are no privies. There are closets on the dry-earth system. The excreta are removed twice a day and interred at a distance in the neighbouring jungle.

NORTH-CENTRAL PROVINCE.

Anuradhapura.—An unlimited supply for all purposes. Two wells in the hospital premises. Good, for drinking it is boiled and filtered through chatty filters, the contents of which are frequently renewed. There are three baths, one for males and two for females. There are no privies. There are separate latrines for males and females on the dry-earth system; the excreta are removed twice a day or oftener as necessary, and buried in a plot of adjoining jungle at some distance from the hospital.

Mihintale.—Three or four gallons. Transported by the contractor from a well for drinking and from a tank for bathing. Well water is rather brackish, otherwise good. Tank water is muddy and polluted by people by drinking and washing. Patients bathe in hospital. There are two bathrooms, one for females and one for males. Dry-earth system.

PROVINCE OF UVA.

Badulla.—Unlimited. A cistern, which is supplied from a spring. Drinking water has been pronounced to be good by the Public Analyst. The bathing water is drawn from the cistern supplied by a spring. Eight bathrooms with water laid on through pipes. Surface drains. Eight latrines on the dry-earth system. The night soil is removed daily and buried in the hospital grounds.

Haputale.—Unlimited. From a stream in the forest adjoining the hospital. Good. Water laid on to hospital by pipes. Dry-earth system. Condition of the privies good.

Lunugala.—Very uncertain; sometimes a quantity sufficient for all purposes is obtainable; at other time hardly any water at all. Diverted from a streamlet about a mile off into an open channel, and through it into a reservoir, and distributed by pipes. It is liable to be polluted. There are separate bathrooms for males and females. Dry-earth system. Night soil is removed three times a day and buried in the jungle.

Alutnuwara.—Unlimited. The Mahaweli-ganga, the largest river in the Island, on whose right bank the hospital is situated. Good. There is a permanent bathroom for convalescent patients; the rest bathe in the river below the source of supply for drinking purposes. The dry-earth system. The latrines are in excellent condition.

Medagama.—Unlimited. A stream running by the hospital premises. Fairly good. Water is always boiled and filtered for drinking purposes. The patients bathe in the stream. No lavatories. No sewers. Privies are on the dry-earth system. Cleaned daily and free from any offensive smells.

Hamdegamua.—Ample; about six gallons for each. A large tank lately restored filled in with rain water. Unwholesome; containing decayed vegetable matter. Water for drinking purposes is boiled and filtered. The patients bathe in a stream which take away the surplus water from the tank through the hospital premises. The excreta are buried. The privies are usually kept clean.

PROVINCE OF SABARAGAMUWA.

Ratnapura.—A gallon of filtered water for cooking and drinking, and thirty-two gallons for bathing. Water is conducted by means of iron pipes laid on from a reservoir which is fed by a stream. Pure and good. Tubs placed in bathrooms are daily filled with water by the hospital servants for the use of the patients. The hospital is provided with three dry-earth closets, and the contents of the buckets are removed twice a day by the servants and buried at a distance from the hospital.

Kegalla.—One gallon of filtered water for cooking and drinking, and thirty-two gallons for bathing. A well in the adjoining compound. Pure and good. The drinking water is passed through a sand and charcoal filter before use. A tub is placed in the bathroom, which is available for cold and warm baths. Patients also bathe in a stream which is close to the hospital. The dry-earth system is in use in the latrines, and the contents of the buckets are removed and buried twice daily at a distance from the hospital.

Rakwana.—Unlimited. Drinking water is obtained from the Rakwana-ganga which runs past the hospital. An irrigation "ela" runs through the hospital grounds; the water from this is used for flushing drains and for washing the wards, &c. The river water is of good quality. It is boiled and filtered previous to use. Each ward is provided with a bathroom containing a zinc tub, which is filled every day by the latrine cooly. Patients who are able to walk bathe in the river at a spot lower than that from which the drinking water is obtained. Each ward has two dry-earth latrines in connection with it. The excreta are removed twice a day and buried at a distance from the hospital.

Balangoda.—*Ad libitum*. During the rainy season water is obtained from a well about a few hundred yards from the hospital, and during dry weather the well dries, and water has to be obtained from the Walawe-ganga. The water from the well is supposed to be pure. Water is always boiled and filtered before use. There are four bathrooms in the hospital for the use of the sick. Convalescent patients bathe in the Walawe-ganga which runs about 80 yards below the hospital. There are five latrines on the dry-earth system for the use of the sick. The excreta are daily removed and buried at a distance from the hospital.

Karawanella.—An unlimited quantity. A well in the hospital grounds, and the Kelani river in the vicinity of the hospital. Pure. Well water alone is filtered for drinking purposes. There are separate bathrooms for males and females with tubs, and a special stove exists for hot water baths in connection with two of the bathrooms; the Kelani river also in the vicinity of the hospital affords convalescent patients a resort for bathing. Dry-earth system. The excreta are removed and buried daily at some distance from the hospital.

Godakawela.—Unlimited. A well in the premises. Good. A bathroom for each sex, provided with a wooden bath tub. The majority of the patients go down to a stream close by for bathing. The dry-earth system. The buckets are removed twice daily and their contents buried.

Kolonna.—A fair quantity. River behind the hospital. Fair. Water carried in buckets to the bathrooms. Dry-earth system.
